### HEART ATTACK PROVES FATAL TO REV. ROSE

### Methodist Minister Dies Suddenly In Salem Residence

### HAD POST HERE FOR PAST YEAR

### Came To City From East Palestine; Twenty-two Years' Service

Rev. Lewis S. Rose, 58, pastor  
of the First Methodist Episcopal  
church, died of a heart attack at  
10:30 p. m. Wednesday at his home  
in Lincoln ave.

Rev. Rose walked down town last  
evening, returning about 8 o'clock.  
He had retired for the night when  
he suffered the attack, although he  
had complained of not feeling well  
earlier in the evening.

Last spring Rev. Rose was ill, but  
since returning from his vacation  
last week, had seemed much im-  
proved in health.

Born at Salesville, Noble county,  
O., the son of Mr. and Mrs. Clark  
Rose, he spent his early life in that  
vicinity. He was graduated from  
Quaker City high school. For 22  
years he had been in the ministry.

Most of the years of his ministry  
were spent in Methodist churches  
in the Barnesville district. He  
served the churches at Martins  
Ferry, Barnesville, Bridgeport and  
Bellaire, each four years.

At East Palestine  
For two years he was pastor of the  
Methodist church at East Pale-  
stine to Salem last October. He was  
a member of the Masonic fraternity,  
being a member of the Cambridge  
commandery, Knights Templar. He  
was a member of the Salem Ki-  
wanis club.

Since coming to Salem Rev. Rose  
had made many friends.  
He is survived by his widow; one  
daughter, Miss Dorothy Rose, at  
home; one son, L. C. Rose, Wheel-  
ing, W. Va.; four brothers, C. T. Rose,  
Berkeley, Calif.; J. A. Rose, Oil  
City, Pa.; Charles Rose, Colum-  
bus; William Rose, Tippecanoe, O.

Funeral service will be held at 2  
p. m. Saturday at St. Clairsville, in  
charge of Dr. H. S. Powell, super-  
intendent of the Steubenville dis-  
trict, which includes the Salem  
church; interment will be there.

The body will be in state at the  
Methodist church here from 2 until  
4 p. m. Friday.

### CLEVELAND BANK ROBBED BY TRIO

### Armed Bandits Hold Up Cashiers To Escape With \$3,000 Cash Early Today; Escape In Automobile

Cleveland, Aug. 29.—Brandishing  
weapons, three bandits today held  
up the Bank of Cleveland here and  
escaped with loot estimated at  
\$3,000.

The robbery was executed during  
one of the busiest hours of the  
morning. The bank cashier and  
several customers were held at bay  
by two of the daring daylight rob-  
bers, while the third hastily swept  
the currency into a bag.

The three holdup men, escaped  
in an automobile which had been  
parked nearby.

### Counsel Fails In Release Attempt

Columbus, O., Aug. 29.—Failure  
of a Hamilton county jury to insert  
the word "at" in a verdict was  
found to be an insufficient reason  
for liberating Robert Johnson, Cin-  
cinnati, by Common Pleas Judge John  
R. King, late yesterday.

### BURGLARS WORK IN COLUMBIANA; LOOT NOT GREAT

### SHERIFF'S OFFICE WORKS ON CASE

### Four Men Appear In Lishon Asking To See Official

Three business places in Colum-  
biana and one in New Waterford  
were "tapped" by thieves between  
3 and 5 a. m. Thursday and as a  
result four men sought an interview  
with Sheriff W. J. Barlow this  
morning.

Whether these men had anything  
to do with the robberies has not  
been announced at the Sheriff's of-  
fice.

An unsuccessful effort was made  
to enter the Fullerton filling station  
at Columbianna. The windows were  
jimmied.

At the office of the Peoples Lum-  
ber company, Columbianna, \$7.50 in  
change was taken from a desk cash  
drawer. A window was broken in the  
office building.

The safe was entered in the office  
of the Dunbar Motor company at  
Columbianna, but nothing has been  
missing from the safe. The combina-  
tion was knocked off.

At New Waterford five tires of  
various sizes, five boxes of cigars  
and three cartons of cigarettes were  
taken from the Williams filling sta-  
tion door, shortly before 5, this  
morning. A police officer saw sev-  
eral men emerging from the door  
and he gave chase, but they were  
too fleet of foot and escaped. En-  
trance to this place was gained by  
breaking a window.

Deputy Sheriff George Harroff  
worked on the New Waterford rob-  
bery after it was reported, while  
Deputy Sheriff William Virden  
worked at Columbianna. Sheriff  
Barlow spent the morning question-  
ing the men who came into his of-  
fice from the eastern part of the  
county. No charges have been filed  
and no arrests made.

(Copyright I. N. S.)  
Cleveland, Aug. 29.—With the  
greatest aviation field day in his-  
tory a thing of the past, interest  
among the spectators at the National  
Air Races today was centered on  
an attempt by Mae Halzlip, women's  
derby participant of Kansas City, to  
wrest the solo endurance flight for  
women honors away from 18-year-old  
Elinor Smith of New York.

Miss Halzlip, who failed to finish  
in the money in the derby, was  
scheduled to go aloft some time this  
afternoon with the determination  
not to come down until her feminine  
constitution or motor compelled her to  
do so.

Other events scheduled for the  
day that are of major importance  
are the start of the rim-of-Ohio der-  
by, postponed from earlier in the  
week; dead stick landing contests  
for women; the finish of the Can-  
adian derby and the possible arrival  
of some of the flyers in the non-  
stop Los Angeles-to-Cleveland derby.

Lee Schoenhar, one of the en-  
trants in this last named race, ar-  
rived here Tuesday after covering  
the long hop in slightly less than  
14 hours.

Yesterday was truly the biggest  
day of the 1929 races or any other  
air races, for that matter.

Fully 90,000 persons of a descrip-  
tion fought, brushed and pushed their  
way into the grandstand at the air-  
port.

Things—thrilling, interesting and  
otherwise—were taking place con-  
stantly throughout the day, begin-  
ning with the finish of two derbies,  
the Philadelphia and Portland der-  
bies, and ending with the flight over  
the city of the Graf Zeppelin late  
at night.

The Los Angeles arrived at the  
field shortly after one o'clock and  
after flying over the city and crowd  
was flown to a point in front of the  
grandstand where an exhibition was  
given of the navy's newly perfected  
stunt of hooking a moving plane  
onto a trapeze suspended from the  
big dirigible.

With this accomplished, the Los  
Angeles was moored to a specially  
constructed mast in the center of  
the field, where it will remain until  
late today before taking off for  
Lakehurst, N. J., if weather per-  
mits.

Still other thrills were being  
furnished by Colonel Charles A. Lind-  
bergh and his two "high hats" of  
the navy, army squadron maneuvers,  
dead stick landing contests, exhibi-  
tions of the powers of the auto-  
gyro by its inventor Senor Juan De  
La Cerva, glider contests and short  
races around closed courses.

Both men are interested specta-  
tors at the 1929 National Air Races  
here.

### Salem Man Fined Breaks Arm

Clevis Patterson, who is at his  
home, 47 Arch st., suffering from  
two broken bones in the right arm,  
is improving. Patterson was injured  
while cranking a tractor Wednes-  
day at the farm of John Yates, Les-  
lie rd.

### Salesman Killed

Bluffton, O., Aug. 29.—A Bu-  
yrus salesman, Lewis C. Chaney, 38,  
is dead here today from injuries  
he suffered in an automobile ac-  
cident yesterday three miles south of  
here on the Dixie highway.

### SHUTTLE PLANE BACK TO EARTH

### Can of Oil Spells Disaster To Mileage Attempt of Capt. Eaker and Crew

Cleveland, Aug. 29.—Capt. Ira  
Eaker, who was attempting to set  
a trans-continental endurance and  
refueling record, was forced down  
at the Cleveland airport in his Boe-  
ing mail transport plane, "The  
Shuttle," about midnight last night  
in a refueling attempt, it was re-  
ported early today.

According to witnesses, a five-  
gallon can of oil dropped from the  
refueling craft and struck a wing of  
"The Shuttle," splintering the  
endurance with oil. A portion of  
the endurance's wing was torn  
away in landing, it was said. Nei-  
ther Capt. Eaker or his co-pilot,  
Lieut. Bernard Thompson, were in-  
jured.

Airport officials, however, pro-  
fessed no knowledge of the landing  
this morning.

Whether these men had anything  
to do with the robberies has not  
been announced at the Sheriff's of-  
fice.

### TEN ONE-ROOM SCHOOLS NOT TO OPEN THIS FALL

### Consolidation Eliminates Many In Northern Part Of County

### SCHOOL DISTRICTS UNDER NEW BOARDS

### Transportation Arranged To Centralized Areas By Officials

Ten one-room rural schools have  
been eliminated for the new school  
term by the consolidation process  
and three one-room schools in Sa-  
lem township have been consolida-  
ted with the Butler township school  
district. The latter will remain  
open again but under the jurisdic-  
tion of the Butler township board of  
education.

The five one-room schools in Sa-  
lem township consolidated with the  
Leetonia school district. Schools  
which will be closed this year are  
Maple Run, Mt. Vernon, Franklin  
Square, Jersey Ridge and Mt. Nebo.

The Washingtonville school will  
remain as in former years, but will  
be under the control of the Leetonia  
board of education. Four or five  
buses are to be placed in opera-  
tion to transport the children at-  
tending all one-room schools out-  
side of Washingtonville to the Le-  
etonia school, where they will have  
access to first grade high school  
education.

The New Waterford school dis-  
trict will hereafter include the one-  
room Woodlawn, Crest and High-  
land schools, and an addition is now  
being built to the New Waterford  
school to care for the children at-  
tending these three rural schools.

Carbon Hill and West View  
schools have been consolidated with  
the East Palestine school, and these  
two schools in Unity township will  
be closed.

The nine month rural school term  
will begin Sept. 3 and the eight  
month term will begin Sept. 23. In-  
stead of 35 school districts in the  
rural sections of Columbiana these  
have been reduced to 28 by the  
consolidation process.

### SCHOOL OFFICIAL NAMED ON POST

### Canton Man to Serve As Assistant Superinten- dent In County

Leo X. Johnston of Canton, has  
been selected to serve as assistant  
county superintendent in the posi-  
tion made vacant by the resignation  
of W. C. Clark, who has served in  
that capacity the past six years.

Johnston is a graduate of Kent  
State college having received the  
degree of bachelor of science in ed-  
ucation. He has done post-gradu-  
ate work at Columbia university  
the last three summers.

The work here has been done in  
the field of educational adminis-  
tration. He has had 11 years ex-  
perience in school work, the last  
five having been in Jefferson coun-  
ty.

He was superintendent of the  
schools at Ironside for three years  
and two years as superintendent of  
the Smithfield schools.

Johnston will begin his work Sept.  
1.

### JEWELRY STORE TO OPEN HERE

### Jack Art, Owner of Canton, Alliance Stores Will Open At 77 Main Street Next Week

A store of the Jack Art Jewelry  
company, operating stores in Can-  
ton and Alliance is now being pre-  
pared for its formal opening in Sa-  
lem next week.

The store is located at 77 Main  
st., the former location of the Balm  
clothing store. The entire estab-  
lishment is being remodeled by the  
new company.

Formal opening of the store will  
be held immediately on completion  
of alterations and receipt of sup-  
plies and equipment. Art announced  
today.

### Beauties Contest For "Great Lakes" Honor

Cedar Point, O., Aug. 29.—"Miss  
Great Lakes" will be chosen tonight  
from a narrow field of 12 of  
Ohio's prettiest girls who survived  
the preliminary contest here last  
night.

Thirty-seven misses were origi-  
nally entered in the "Miss Great  
Lakes" contest. Twelve were se-  
lected to compete in the finals to-  
night.

Lindbergh refused to say whether  
adventurous pilots should be dis-  
couraged from attempting addition-  
al ocean hops in airplanes.

Captain Eddie Rickenbacker, sur-

dirigible is easily the most practical

### DIRIGIBLE VS. PLANE FORMS DEBATE TOPIC FOR AIR CELEBRITIES

### Flight of Graf and Accomplishments of Planes In National Races Stirs Gathering of Airmen To Voice Opinions On Overhead Travel

Cleveland, Aug. 29.—Which of the  
two modes of air travel—lighter-  
than-air craft or heavier-than-air  
craft—offers the most in practica-  
bility and efficiency?

Resurrected by the remarkable  
globe-girdling flight of the Graf  
Zeppelin and the astounding feats  
being performed daily by airplanes  
at the National Air Races here, this  
old, but highly important question is  
once again a storm centre between  
outstanding leaders in aeronautics  
and aviation.

The successful ocean flights of the  
Zeppelin as contrasted to the large  
number of airplane pilots and pas-  
sengers who have lost their lives in  
attempted sea flights, particularly  
the westward crossing of the Atlan-  
tic has led many of the flying not-  
ables assembled here to conclude  
that the airplane will never be the  
equal of the dirigible, especially in  
the matter of dangerous long dis-  
tance flights.

This belief is by no means a  
unanimous one, however. For every  
advocate of the dirigible as the best  
means of air travel another person  
can be found who favors the air-  
plane.

International News Service is  
fortunate today in being able to  
present the opinions of five out-  
standing figures in aviation on this  
extremely vital question, namely,  
Col. Charles A. Lindbergh, greatest  
of modern flyers, Captain Eddie  
Rickenbacker, greatest of world war  
aerials, Anthony H. G. Fokker, inter-  
nationally famous builder of air-  
planes and Captains Lewis A. Yan-  
cey and Roger C. Williams, heroes  
of the recent Maine to Rome flight.

Colonel Lindbergh's opinion was  
solicited from him shortly before he  
entertained the crowds at the races  
with a series of loops and spins in  
the navy fighting plane.

"Airplanes and airships," said the  
pugnacious Colonel whose open-mak-  
ing conquest of the Atlantic will  
never be forgotten, "are both of in-  
estimable value as a means of  
transportation. There is much to be  
said in behalf of each of them. At  
the present time, however, I should  
say that the airship, such as the  
Graf Zeppelin for instance, is the  
most practical machine for over-  
seas travel and the airplane the best  
for overland travel. I look for the air-  
plane to be developed to such an  
extent in the future that it will be-  
come the best medium for flying  
everywhere and under all condi-  
tions."

Lindbergh refused to say whether  
adventurous pilots should be dis-  
couraged from attempting addition-  
al ocean hops in airplanes.

Captain Eddie Rickenbacker, sur-  
viving at it may seem, thinks the  
dirigible is easily the most practical

### Zep Passes Within Four Miles of Salem On Tour

Lakehurst, N. J., Aug. 29.—(INS)  
—It was journey's end for the Graf  
Zeppelin at 6:52 a. m. today (Salem  
Time).

It coined a new slogan for history  
—around-the-world in 21 days and  
seven hours. Only the sun has flown  
faster.

Coming out of the west with the  
dawn, the airship looked down upon  
the same upturned faces of the  
ground crew which sped it on its  
way on Aug. 8.

The motors of the globe-spanning  
zeppelin sang a song of victory over  
20,000 miles of uncharted space.  
It had conquered heat and cold  
and fog and typhoon. It had arched  
over two great oceans, the barren  
wastes of Siberia upon part of  
which man had never gazed before.

It had outdistanced the hazard of  
skimming high tension wires teem-  
ing with death-dealing electricity

### Graf Zeppelin Near Salem On Tour

While most of Salem slept,  
shortly after midnight, the Graf  
Zeppelin passed about four  
miles north of the city.

Mrs. E. S. Tweeddale, residing  
four miles north of the city,  
returned late from the Clevel-  
and air races and was awak-  
ened, shortly after retiring by the  
hum of motors, the lighted dir-  
igible passed directly above the  
Tweeddale home.

not so far from home. It has placed  
the world in the palm of man and  
cleared it smaller.

The epic flight of the dirigible  
made only a memory of man's pre-  
vious world-girdling record.

John Henry Mears and Captain  
Charles B. D. Collier had traveled  
the world by train, plane and ship  
in 23 days, 15 hours and 21 min-  
utes.

That was in 1927 B. G. (Before  
Graf).

The Graf's feat was further glor-  
ified in that it was only in the air  
about 11 1/2 days. It has spent almost  
an equal period of inactivity in be-  
ing refueled at Friedrichshafen,  
Tokyo and Los Angeles.

The Graf was landed smoothly at  
7:07 a. m. (Salem Time). It dropped  
its spider ropes which were seized  
eagerly by the American gobs and  
marines. A husky series of heaves  
and she was swiftly home.

Through a faint mist, the silver  
forpeda grew out of the northwest  
as thousands of pilgrims cheered  
louder than the humming motors.

The airport sirens began screech-  
ing. The crowd broke through the  
heavy guard of marines who per-  
haps forgot their duty to gaze at the  
silver sunbeam coasting into port.

Meanwhile, back in the hangar,  
Edward E. Bonner, janitor of the  
structure, kept swinging his broom  
while history was being made out-  
side.

"I seen it, what the heck," he said,  
undisturbed by the hysteria raging  
above the airport.

"I even been inside."  
The landing, completed by 7:13 a.  
m. (Salem Time), to be recorded  
exactly for the sake of history, was  
as smooth as any ferry making its  
pier.

## SAFETY CIGARETS

After tests with nine popular brands of cigarettes covering a period of six months, the United States bureau of standards in Washington has developed both a cigarette and a match which are self-extinguishing.

An annual fire loss of approximately \$90,000,000 from carelessness on the part of smokers prompted Representative Edith Nourse Rogers, of Massachusetts, to request the bureau of standards to apply its scientific knowledge looking to the reduction, if not the elimination, of this heavy loss. The bureau at once began its experimentation with the result that it has perfected a method of making cigarettes which tests show will extinguish the fire in the cigarette sufficiently quick to reduce the fire hazard which lurks in the untreated cigarette. The self-extinguishing match quickly followed.

Recognizing human habits as important factors in the fire hazard problem, the bureau scientists studied discarded cigarette stubs in highways, by-ways and building corridors. By scientific measurements they found that a cigarette stub an inch and a quarter in length is the one most frequently discarded and that two-thirds of the cigarette smokers will toss away stubs from one to one and a half inches long. Longer stubs, they found, were seldom discarded save at the entrances to buildings, where they hit pavements and do no harm. They further found that, taking into consideration the total national consumption, cigarettes had a forty-to-one fire hazard as compared with cigars, and hence they devoted their attention to the last inch of the cigarette which they covered with an inch-long cork tip lined with water glass, an air-excluding sodium silicate, which prevents the inch of the stub covered from burning.

The new safety match was developed in much the same way. Thousands of matches, including all varieties in common use, were ignited in the bureau's tests. It was found that the time generally taken for lighting a cigar or pipe was ten seconds and half as long for a cigarette, and that a burning surface of half an inch was ample to meet the lighting demand for pipe, cigar or cigarette. This found, it was easy to coat all but half an inch of the match with water glass and the safety match was the result.

The development of a method by which cigarettes become self-extinguishing is particularly fortunate at this time when aviation is developing as it is. It is held that ninety per cent of the forest fires which have been raging at points along air routes in the west and northwest all summer were due to cigarettes, and no doubt many fires in other sections of the country have resulted from the same cause. That they have not resulted in as great loss as have those in the west is probably due to the fact that in more thickly-settled sections they are quickly discovered and extinguished before great damage is done. With the use of safety cigarettes and matches made compulsory on air lines on which smoking is permitted, the fire hazard from this form of carelessness would be greatly reduced, and a general adoption of the bureau's method by cigarette and match manufacturers would almost entirely obviate loss from this form of carelessness.

Paris reports that forty-nine planes carrying 306 passengers and twelve tons of freight landed at Le Bourget airport Sunday, which gives something of an insight into what aviation will mean over here after a few years of development.

Rev. Allen E. Claxton has remarked that "bottles are broken by careless handling. Lives are not different." Some bottles are intentionally broken by dry agents, but the proposition still holds. So are some lives.

On her eastward voyage this week the Mauretania broke her twenty-four-hour sailing record on three successive days. Such a feat by a vessel twenty-two years old establishes her right to be reckoned as a marvel of the sea.

## What Others Say

## CROSSING THE BORDER

Americans motoring across the border from Canada have complained of late that without warning they have been asked to produce birth certificates as proof of citizenship. On other occasions, they point out, United States immigration inspectors have passed them on such evidence as cards of membership in organizations on this side of the border. At other points on the border, they add, such legal proof of citizenship is not required.

Answering these complaints, W. W. Husband, assistant secretary of labor, admits there are no written regulations covering the admission of such returning American citizens. Immigration inspectors, he adds, are merely instructed to demand reasonable proof of citizenship. Greater watchfulness at the border is necessary, he points out, because of the passage of new laws by congress making it a misdemeanor for an alien to enter by false and misleading statements, and a felony for an alien who tries to gain entry by unlawful methods. Department records show that some 25,000,000 persons from this side cross the border annually, besides some 7,000,000 Canadians, in the relatively small area between the Great Lakes and the Atlantic.

It is a surprising thing how few Americans possess certificates in proof of the date and place of their birth. Such a document is valuable on other occasions besides crossing the border. It is something that every one should keep with his other valuable papers. Motorists who plan trips outside of their immediate communities, would save themselves much trouble and annoyance by taking along their authentic registration papers as a matter of course, and if they venture outside of the United States, the birth certificate might not come amiss. It would seem, however, that written as well as uniform regulations would be put into effect along the border—Ohio State Journal.

## The Stars Say

For Friday, Aug. 30

By GENEVIEVE KEMBLE

The federal operations for this day point to much turmoil, clamor, upheaval and confusion, and of an abrupt and whirlwind nature. It is difficult to forecast the quality of this visitation, but it will be revolutionary and of much importance. It will not be relieved by indicating a propensity to rash and impulsive actions nor quarrels and intemperate language. With perfect self control and wise adaptation to these sudden events there may be profit as well as promotion or advancement.

Those whose birthday it is stand at the threshold of a year of sudden and precipitate change, with much rearrangement and readjustment of its life and affairs. Indulgence in violent moods and deeds will but complicate matters, whereas calmness and good judgment may lead to promotion as well as profitable experience and some financial benefits.

A child born on this day will be restless, unsettled, impulsive, passionate, and may precipitate much misfortune and unhappiness for itself unless given a very rigid training in self control.

Evil is easy and its forms are infinite; good is almost unique.

POOR MASTICATION  
INVITES DYSPEPSIABY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

On more than one occasion I have told you about the care of the teeth. There can be no doubt that attention to these useful organs has done much to promote the happiness of the human family.

More and more we have come to realize that defects in the teeth lay the foundation for serious illness. If the teeth become abscessed, poisoned, decayed, which may carry disastrous effects to remote parts of the body.

But what I have in mind today is to point out the necessity for thorough chewing of the food. The food is prepared in the mouth for its journey of digestion.

Unless armed with a passport you would not get far in a foreign country. Unless the food is thoroughly chewed, the first step toward the prevention of indigestion has been neglected.

In the breaking up of the morsels of food by thorough chewing something else is accomplished. The saliva is intimately mixed with the food substance. This produces an interesting chemical change.

Much of the food we take particularly that coming from the vegetable world, consists largely of starch. The mixture of the saliva with the starch converts the latter into sugar. That sugar is the passport indicating to the stomach and other digestive organs that the morsel of food is properly prepared for its journey.

This step, known to the doctors as "salivary digestion," is far more important to health than is generally recognized. Chewing the food thoroughly is too commonly regarded as a sort of a fad. For so many years we have laughed at "Fletcherizing," that a suggestion to chew the food more finely is more likely to raise a laugh than meet with a favorable response. I'm sorry about this because many a case of indigestion would disappear if the teeth were encouraged to perform their proper function.

Unless the starch we eat is properly

digested by the various digestive juices provided for this purpose, there is sure to be acidity, heartburn, belching of gas, sour taste in the mouth, drooling and stomach ache are familiar symptoms of acidity. While constipation and other factors enter into the problem, there can be no doubt that the first of the pernicious acts of man is his failure to chew his food. That is the beginning of his dyspepsia.

Hot Weather Advice for Mothers of Babies

In hot weather diarrhoea is a common ailment of babies. It is the result of taking infected food or drink.

No mother should overlook the importance of this symptom. It may be the beginning of a serious illness. On this account it should be given immediate attention.

It is not uncommon to consider that teething is responsible for the diarrhoea. This is seldom the case. Some fault in the feeding is more likely to be responsible.

This trouble rarely attacks breast-fed babies. It is more common in bottle-fed infants.

We expect grown-ups to eat less food in hot weather. To overeat at this time is harmful. Likewise it is damaging to give the baby too much food. Diarrhoea is a common symptom of overfeeding.

To give the food too frequently or to give it at irregular intervals may be followed by a disturbance of the bowels. Stop the feedings at once and talk with your doctor.

# W. PENN.-OHIO DEPARTMENT TO ID OHIO CITIES

Industrial Development  
Plan Announced By  
General Manager

Announcement of a new industrial development plan for the Penn.-Ohio department for the coming year and the appointment of C. E. Yacobi as manager of the new activity of the local electric and light company was made today by C. S. MacCalla, vice president and general manager of the new department.

The new activity of the industrial development department under the management of Yacobi has been to develop a complete industrial survey of the various districts of the city. The primary purpose of this survey has been to determine what industries there are in the various districts and the extent of labor to which they give employment as well as the classes of labor for which a fuller opportunity of employment is desirable.

Yacobi, who is in charge of the industrial development department, said that the survey is a most suitable one to the city, both with regard to the disposal of the community's power resources, and to the development of the city's industrial plant.

## Social Affairs

### BIBLE CLASS SOCIAL

Mrs. William Kircher had charge of the program at a social meeting of the Women's Bible class of the Presbyterian church Wednesday afternoon at the church.

These numbers were given: Piano solo, Mrs. John Hundertmark; reading, Miss Mary Powers; vocal selection, Mrs. Martingale; Mrs. Parks and Mrs. J. H. Cook, piano solo; Katherine Mith; violin solo, Lela Vincent accompanied by Frances May Vincent; violin solo, Miss Jean Olhausen, accompanied by Mrs. Hundertmark; piano solo, France, May Vincent; reading, Mrs. H. A. Richey. A contest furnished amusement. Mrs. Rose Justice and assistants served refreshments.

### EMPLOYEES HAD SUPPER

Employees of the Columbiana County Maytag association and their families had an enjoyable picnic Wednesday afternoon and evening at Peace Valley park, near New Waterford. It was featured by a steak and corn supper.

A baseball game and other sports contributed pleasure. Among those in attendance were: George W. Rhodes, Indianapolis; Walter Rogers, Cleveland; William Quimby, Chicago, and Mr. and Mrs. Frank L. Copell, Steubenville.

### HONESTY TO CLASS

Miss Gladys Redington delightfully entertained the members of her Sunday school class of the First Baptist church Wednesday evening at her home, Franklin ave. Games and contests helped make the occasion enjoyable. In the contests prizes were won by Anna Grace Booty, Salem, and Janet Louise Thomas, Utica, N. Y., the latter an invited guest. Miss Redington served lunch.

### CIRCLE 1

There were 19 members present at the meeting of Circle 1 of the Methodist church held Wednesday at the home of Mrs. R. F. White, Tenth st.

Following the covered dish dinner which was served at noon, a business meeting was held. Mrs. J. L. Gray had charge of the devotionals and Jane Gray entertained with several vocal solos.

The next meeting on Sept. 25 will be at the home of Mrs. Holroyd, Ellsworth ave.

### HONOR NEWLYWEDS

A group of friends and neighbors gathered Wednesday evening at the home of Mr. and Mrs. M. S. Stratton, Goshen rd., to honor Mr. and Mrs. William Lockey, who were recently married. Mrs. Lockey was formerly Miss Lucille Stratton.

The evening was spent informally and refreshments were served. Mr. and Mrs. Lockey were presented a shower of gifts for their new home.

### OFFICERS TO MEET

All officers and circle leaders of the women's organizations of the Christian church are requested to meet Friday for a 1 o'clock luncheon at the home of Mrs. Herbert McCave, Franklin ave. An important business meeting will be held in the afternoon.

### WEST SIDE CLUB

There will be no meeting of the West Side Community club Friday evening. Time and place of the next meeting will be announced later.

### MARRIAGE LICENSES

A marriage license has been issued to William L. Fanning, farmer, residing in Wayne township, and Edith E. Chalmers, daughter of Mr. and Mrs. J. Chalmers, of Wayne township, formerly residing at Vanport, Pa. They are to be married by Rev. Kraser.

Edward Bricker, of Negley, welder, and Miss Ardith Clark of East Palestine, formerly residing at Smith Ferry, Pa., and daughter of Mr. and Mrs. Frank Clark, have procured a marriage license, and are to be married by Rev. E. D. March at East Palestine.

Leland H. Douglass of Center township, an inspector and Theod M. Pearson of East End, East Liverpool, daughter of Mr. and Mrs. Mallard V. Pearson, have been granted a marriage license, and will be married at East Liverpool by Rev. F. A. Dean.

Harold W. Hamilton, of Wellsville, manager of a chain store, and Miss Wilma E. Parsons, a cashier, residing at Wellsville, and daughter of Mr. and Mrs. J. E. Parsons, after obtaining a marriage license were married at the parsonage of the Lisbon U. P. church by Rev. J. M. Cameron.

Lloyd Hargrave, of Mechanistown, Carroll county, and Miss Nellie E. Griffith of saunerville, daughter of Mr. and Mrs. James R. Griffith have been granted a marriage license, and are to be married by Rev. R. S. Keovil.

At the present rate of issuing marriage licenses, it is probable that the August record for many years back will be broken this season. To date 53 licenses have been issued by Probate Judge Lodge Riddle.

Mrs. Frank McCleery and son, James, and Mrs. A. C. Yingling, who have been on a motor trip to Boston and other points, are expected home Friday. They will be accompanied by Arthur Yingling, who has been in charge of a boys' camp in the east. James McCleery will return Monday to Los Angeles, Calif., where he has been teaching the last four years.

Mr. and Mrs. Earl Shuler and son, Earl, Jr., of Findlay, arrived here today for a visit with Mr. Shuler's father and brother, Jesse and Harold Shuler, West Eighth at extension.

Edward Harris and Alice Moser returned Wednesday from Columbus, where they attended the state fair.

Kenneth Ceppock and Floyd Stamp of Winona, are visiting Mr. and Mrs. L. J. Mounts at Geneva, N. Y.

### HAWKINS REUNION

Rev. Reed of New Waterford, pastor of the Methodist church there, gave an interesting talk at the annual reunion of the Hawkins family Wednesday at Centennial park.

William T. Hawkins of Berlin Center, who is about 80 years old, was the oldest relative in attendance.

Officers for the ensuing year are: President, W. R. Hawkins, New Waterford; vice president, W. T. Hawkins, New Waterford; secretary, Mary Lanpher, Leetonia; treasurer, G. O. Barnes, Salem, R. F. D. The reunion next year on the last Wednesday of August will be at Silver park, Alliance.

There were about 100 in the company and some of those in attendance were from Donora, Pa., New Waterford, Alliance, Berlin Center and Sebring.

### HONORS TWO

As a social courtesy to Miss Betty Slade, of Hunsdale, Ill., and Miss Ann Scott, Huntington, W. Va., Miss Betty Deming entertained at a dinner party Wednesday evening at her home, Lincoln ave.

After the dinner the young people were interested in dancing. Among the guests were George and some McKelvey, Youngstown, and John Bell, of Pittsburgh.

Miss Slade and Miss Scott were honored at a dance given by Miss Kathryn Gibson, of Lincoln ave., at her home.

### FEAST TO CLUB

Club associates of Mrs. S. J. Davison, West Pershing ave., met Wednesday evening at her home and devoted the hours to bridge. Two tables were in play. Mrs. Lester Woolman won the prize offered in the games.

Mrs. Ralph Snyder, Salem, and Mrs. Lester Woolman, Struthers, were invited guests. Mrs. Davison served a two-course lunch.

Mrs. J. J. Hopkins, South Union ave., will be hostess at the next meeting.

### REA REUNION

Relatives and friends of the Rea family held their annual reunion at the home of Mr. and Mrs. Harry C. Rea, south of Salem.

The day was spent informally with visiting. The children were interested in games.

Among those in attendance were: In Harvey Rea, Slake Lick, Pa.; Mr. and Mrs. T. M. Rea and family; Mrs. W. E. Walker and family; Altwater, and Mr. and Mrs. J. E. McConner, Chicago.

### BETTER HALVES CLUB

### 1929 Prune Crop Good In Oregon

Portland, Aug. 29.—Those who delight in the presence of the invigorating prune on their breakfast table can be assured of at least 60,000,000 pounds this season, according to growers in the Pacific Northwest.

The crop is approximately twelve times that of last year's poor showing.

### Japan Railway Men Get Shorter Hours

Tokyo, Aug. 29.—Definite and reduced hours will be given 120,000 employees of the Government Railways, instead of the excessive irregular and often indefinite hours as heretofore. The change follows an investigation which has been conducted by the Ministry for Railways and will cost the Government \$100,000 more annually.

## Can't Get Pension

Miss Annie Teller, of New York, despite a service of fifty years as teacher in the New York City schools, has been refused a pension by the city authorities. Miss Teller is almost destitute and friends are trying to discover a way in which her service to the city can be financially rewarded.

## THE HOME KITCHEN

By Jeannette Young Norton

Put stew near the top of the list when the favorite dish discussion arises.

Not only is stew tempting to the average American man, but by some name or other one finds it in the cooking of every country. We may have our homely beef stew—"mulligan"—New England boiled dinner; but the Hungarian has goulash, the French fricassée or bouillabaisse, the Spaniard chili con carne, and so on.

Stew is an excellent way in which to use the cheaper cuts of meat. Flank, shoulder, short ribs, neck, plate—these cuts are low in price because they are not the tenderest portions. Nevertheless they are of fine flavor—some indeed insist their flavor is better than the quickly cooked steaks and chops, but this is a matter of opinion. However, the long cooking over a slow fire which all these less tender meats require does bring out the flavor. Also the juices, and as these should not be wasted, cooking with vegetables into a stew is the way of common sense as well as economy.

**Beef Stew**  
2 pounds flank  
2 carrots  
2 onions  
1 pepper  
1 tomato  
2 cups boiling water  
1 teaspoon salt  
1 teaspoon pepper  
1/2 cup beef drippings

Cut the meat in large cubes and roll in flour. Heat the drippings in a large sauceman and when hot, brown the meat on all sides quickly. When brown add the cut up vegetables, pour the boiling water over all, and cook over a slow fire for two hours. Then add salt and pepper.

## Practical House Dress

PATTERN 1738

Salem News 15c Practical Pattern

HOUSE DRESS have assumed an attractive air, either through the fabric used or interesting trimmings. Design 1738 is very becoming because of the scalloped collar and rounded pockets to match. Otherwise it is extremely simple and certainly easy to make.

The frock may be made of gingham, percale, cotton broadcloth or wash silk. Smart designs in gay colors are lovely for morning wear. The collar, cuffs, belt and pockets are made of white pique or lawn.

May be obtained only in sizes 16, 18, 20, 22, 24, 26, 28 and 30.

Size 16 requires 2 1/2 yards of 36 inch material and 1/2 yard trimmings.

This model is easy to make. No dressmaking experience is necessary. Each pattern comes to you with simple and exact instructions, including yardage for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of FIFTEEN CENTS (15c) in coin, carefully wrapped or stamped. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE wanted.

OUR LATEST FASHION BOOK will be sent upon receipt of TEN CENTS in coin. Address all such orders to SALEM NEWS Pattern Dept., 254 West 17th Street, New York City.

## NOTED INVENTOR BULLET VICTIM

William M. Bruce, Accredited With Making Possible Transoceanic Cables, Killed Instantly

Springfield, O., Aug. 29.—A once noted inventor, the man who made possible the present transoceanic cable systems, William Mansfield Bruce, Jr., 51, lies dead here today with a bullet hole in his head, a victim of his own hand, late yesterday.

Bruce, who has been in ill health for the past two years following a nervous breakdown, was in charge of the installation of a cable across the Atlantic and the Pacific oceans. He supervised the installing of the local telephone system which was later merged with the Ohio Bell company, and was directly responsible for telephone systems in Toledo and Louisville.

Bruce has been a resident of this city for the past 20 years.

## STYLE EDICTS

Paris, Aug. 29.—Winter woollens will really be woolly, judging from the ones appearing at the early autumn openings.

French fabric makers say that winter zibeline or shiny broadcloths are going to take the lead over the amaze or dull types and there will be a heavy woolen with deep, curly surface, known as "montagne" for winter garments. A cashmere in diagonal weave will be popular for coats, as well as a lighter colored zibeline broadcloth with novelty surface.

Smart Parisiennes refuse to abandon tweeds and they will be much in view for daytime coats this winter, some lighter versions being utilized for suit and coat frocks. The beige-brown gamut is the most popular. "Armorial" is a novelty trend which comes in brown, beige and white, as well as soft blue and red with black and white on a beige ground.

A fancy broadcloth has a stippled effect of black and white on a dark ground and a fancy open weave in relief effect comes for sports. Two matching patterns, a plain and plaid effect have a soft velvety surface. A diagonal woolen comes in two harmonizing shades or in pale tones like soft blue and green.

Another winter fabric which promises to be a favorite when winter winds blow cold is a reversible coating with light tweed lining. Tweed designs will be much worn in red mixtures, with combinations of red, beige and black.

Portable apparatus for the display of talking pictures has been developed in England.

Lakewood, N. J., Aug. 29.—Dr. Hugo Eckener, gallant commander of the world-girdling Graf Zep, will take off in a plane at noon today for Washington where he will pay his respects to President Hoover at 3 o'clock this afternoon.

He will go to Akron, O., tomorrow for a business conference with the Goodyear-Zep-pelin company.

## American Teacher Is Dead In Japan

Boston, Aug. 29.—William Leavelle Curtis, D. D. of Beloit, Wis., who served under the American Board of Commissioners for Foreign Missions in the Doshisha University at Kyoto, Japan since 1890, died on his 66th birthday, according to a cable received from Kobe, Japan.

In addition to teaching English and English literature at Doshisha he conducted the Bible classes, clubs, and English speaking societies. He also assisted the Japanese pastor and the young people of Nishin Kunitai Church of Kyoto.

Dr. Curtis leaves a wife, Mrs. Grace W. Learned Curtis and a daughter, Dorothy. He was born in Broadhead, Wis., and graduated from Duane College and Oberlin Seminary.

DEATHS  
—Funerals—

**Laura E. McMillan**—  
Mrs. Laura Elizabeth McMillan, 74, died of heart trouble at 12:15 p. m. Wednesday at her home, 1205 West of Leetonia, after a two weeks' illness.  
Mrs. McMillan, daughter of John and Catherine McMillan, was born in Richmond, Va., in 1854.  
In 1902 she moved with her parents to the farm, where she died.  
She was a member of the Leetonia Presbyterian church for 30 years.  
She attended the Sunday school of the denomination when it was held at the Leetonia Pennsylvania station before a church was built there.  
She is survived by three sisters, Mrs. Edna McMillan and Mrs. Elmer E. Harvey, with whom she lived, Mrs. Belle Patterson, Leetonia; Mrs. Jessie Heckert of New York city and Mrs. Catherine Moser of New Castle. Funeral service will be held at 2 p. m. Saturday at the Leetonia Presbyterian church in charge of Rev. John D. McBride; interment in Oakdale cemetery.

**LYDIA L. MICK**—  
Lydia L. Mick, 50, wife of Fred E. Mick, died at her home, 10 Depot st., Wednesday. She lived in this vicinity since 1911. Surviving are her husband, a daughter, Mrs. Frances Whiteleather, of Calmar, O., a son, Norman, at home; two sons, Mrs. Jesse Heckert of New York city and Mrs. Catherine Moser of New Castle. Funeral service will be held Saturday afternoon at 2 o'clock at the home of Mrs. Whiteleather. Burial in Oakdale cemetery.

**RICHARD WAGNER**—  
Richard Wagner, 74, died of a complication at 3:45 a. m. Thursday at his home in Calla. He had been ill since January.  
Mr. Wagner was born in Chicago. He had lived at Calla for 13 years. He was a member of the Woodmen of the World at Rochester, Pa.  
He is survived by his widow and two daughters, Mrs. Harry Meyer and Miss Ada Wagner, of Calla. Funeral service will be held at 2 p. m. Saturday at the home, interment in Oakdale cemetery.

**FUNERAL NOTICE**—  
The body of Wayne Christopher, who died at Seattle, Wash., last week, arrived at Salem today and was taken to the home of his father, A. E. Christopher, at Leetonia.  
Funeral service will be held at 2 p. m. Saturday at the home, interment in Oakdale cemetery.

**DIRIGIBLES**  
(Continued from Page 1)  
By a mankind that has learned to fly.

There is no limit to what we can expect from airships of the Graf Zeppelin type. I confidently expect some day see airships 500 feet large as the Graf, which will not only be able to fly around the world in a step and in perfect safety, but will be able to remain in the air for five years, if necessary, without coming down to earth.

It is a champion of the age of the airplane.  
Here is what he has to say:  
The lighter-than-air ship has reached the ultimate in its development, the airplane in only its infancy. While the future size of transport planes is apparently unlimited, 100 passenger giants of the air that will be able to fly across oceans with comparative ease and in all kinds of weather are not yet economical. The thing that is holding back aviation today is the scarcity of good pilots.  
Captains Williams and Yancey are not inclined to lean to any appreciable extent to either side of the argument. A written statement signed by both of them and issued to International News Service indicates that if they have any partial-

"Should Have Had Konjola Long, Long Ago"

Happy Lady Rejoice Over Regaining Her Appetite and Halting Indigestion

MRS. HELEN BURNETTE

"How I wish I could have had Konjola long ago," said Mrs. Helen Burnette, 405 East Ninety-third Street, Cleveland, Ohio. "I suffered intense misery from the condition of my stomach. My appetite was poor, and I steadily lost strength. I had tried many medicines, but was always disappointed. But it did not take long for Konjola to assert itself. By the time I had finished the first bottle I knew that I had at last found the right medicine. I now have a fine appetite, my digestion is perfect, and my stomach never causes me the least bit of trouble. I feel much stronger. Konjola proved itself to me and I hope that others who suffer as I did will profit from my happy experience."  
Konjola is sold in Salem at all J. H. Lane drug stores and by all the best druggists in all towns throughout the entire section.—Adv.

in the matter it is on the side of the airplane.  
The statement follows:  
"The primary point of air transportation is speed made as safe as you can make it. Heavier-than-air craft is just as safe as any lighter-than-air craft. We would not like to state definitely which is the best or long distance travel.  
"After our long study of transatlantic flying we are satisfied that after there have been a dozen or more trips made by trained observers sufficient meteorological data will be at hand to map out a comparatively safe transatlantic route that might be used by either type of craft.  
"The pay load factor is important in air transportation.  
"Considering initial expense, operating cost, etc., which includes several hundred men, the lighter-than-air craft has a prohibitive cost.  
"Heavier-than-air craft can be operated very cheaply and are much faster.  
"A light express and mail line across the north Atlantic would pay today."

## Hawaiian Tourists To Use Airplanes

Honolulu, Aug. 29.—Aeroplane are competing with outboard canoes, automobiles and surfboards as a means of transportation in the Hawaiian Islands.

There are two companies here operating aerial tourist sightseeing taxis—and both are doing a good office business. Students flying schools are maintained and many travelers who come to Hawaii to learn to dance the hula or play the ukulele, are staying to learn to fly.

## Relief from Curse of Constipation

A Battle Creek physician says "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c 10-day at the nearest Rexall Drug Store. J. H. Lease Drug Co., Flaming Drug Store and Bolger & French.

## THOUSANDS HAVE WATCHED THIS ENGINE PROVE THAT—

there is a difference in gasoline

THE demonstration itself is simple. An electric knock-detecting device is attached to the engine.

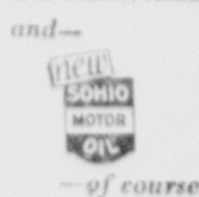

Ordinary gasoline is run into the carburetor. The engine, choked with carbon, starts. Immediately knocking commences. The electric light flashes. The audience hears the knock—sees the knock.

Then the fuel is changed to Sohio Ethyl, without stopping the motor. Almost instantly the knocking stops. It's the Ethyl brand of anti-knock compound that does it! The light goes out. The motor picks up speed—proof of its increased power—runs more smoothly and more evenly.

The simple sincerity of this test has made Sohio users of thousands of Ohio motorists. Other thousands have chosen Sohio Ethyl after making their own tests in their own cars. See the Sohio anti-knock demonstration if you have an opportunity. If not, put Sohio Ethyl into your own gasoline tank and test it any way you wish. Convince yourself that there IS a difference in gasoline.

For sale at Red-White-and-Blue dealers' pumps and service stations throughout Ohio.

### "ME, GANGSTER"

These who have an idea that a picture with an underworld theme cannot be made without dragging in machine guns, maxims, silencers, murder and the other ingredients identified with that brand of picture in the past will be enlightened if they go to the Royal theater and see "Me, Gangster."

Based on Charles Francis Cox's story, "Me, Gangster," tells of a boy who, through lack of parental influence, gets mixed up with criminal companions and leads a life of crime, always just a step ahead of the law. Finally he learns his lesson before it is quite too late.

There are many thrills, many exciting scenes, many chases, the stealing of a factory payroll and a pursuit by police, and when the picture is finished one has to think hard to recall any part in which a gun is used.

Don Terry, youthful screen discovery, though it is his first screen appearance, plays the lead and acquies himself with credit. June Collyer heads the supporting cast with more than a score of Hollywood's best actors in support.

"THE THUNDERBOLT"

A new, different, tremendously important all talking picture opens a three-day run at the State theater tonight. It is George Bancroft's great successor to "Underworld," "Thunderbolt."

Audiences are thrilled by the dramatic sequences of "Thunderbolt," taken from the heart of throbbing Harlem. New York's great negro metropolis, to the awe-inspiring setting of Sing Sing's Condemned Row, through the night clubs of New York's black belt to the "Little Green Door" where society claims its penalty for crime.

Josef von Sternberg, maker of "Underworld," directed "Thunderbolt," which accounts for its gripping reproduction of contemporary life. Its events are the episodes which the newspapers blazon forth every day; its episodes are the intimate details behind the curtain of these gripping events; its chief character is a mighty king of the lawless land which continually threatens law abiding society—the underworld.

George Bancroft has done a great piece of work greater than he offered in "Underworld." Likeable Richard Arlen and lovely Fay Wray have the supporting leads and a brilliant cast of character actors carry the true-to-life roles.

"Thunderbolt" is a new picture, one that takes a new lead in motion picture excellence.

# NOBILS ENTER THEIR NEW STORE ROOM OPENING THIS SATURDAY ALL COLUMBIANA COUNTY IS INVITED

## Nobils To Open New Store Room Formally Saturday

The new room, located at 75 Main Street, is the new of the Bahm Shoe Store. Extensive remodeling on the front and on the interior have been completed, and now, Nobils present one of the finest stores in this section of the country.

"The new location is a vast improvement over the old location," said Mr. Daniel Factor, general manager of the organization, "in that we have much more room."

"In the new place," he continued, "we will be better able to take care of our customers on account of the increased floor space. The new room is better equipped to show our merchandise to the advantage of the customer."

Nobils new store is laid off into two sections, one

for men and the other for women and children, and complete lines of merchandise have been installed.

The windows in the new front are also arranged so that men's, women's and children's shoes may be shown separately.

The new Nobil store is well planned throughout and is a good addition to the section in which it is located.

All Columbiana County is invited to the opening Saturday. The opening will be held in the daytime, as well as in the evening.

Merchandise will be sold Saturday, the Opening Day. The management of the store wants to impress upon everybody that they will be welcome Saturday or any other day, as guests of the store.

### PERSONAL INVITATION

Invite everybody in Columbiana County to see our new store Saturday. If you cannot go on that date, we also want you to feel that you will be welcome at any time. We want to serve you, and when you come into our store we will always feel at home.

## Retail Men Hold Annual Meeting

Pittsburgh, Aug. 29.—Industrial retail merchandising methods of the nation will come under the microscope here September 9, at the annual meeting of the Industrial Retail Stores Association, according to an announcement today.

Delegates from every state, with exceptionally heavy representation from New York, Maryland, Virginia, West Virginia, Ohio and Pennsylvania are expected to be present at the meetings. Business sessions will occupy two days and round table discussions of problems were to be the method of dissecting the nation's industrial retailing situation.

A departure from the usual banquet formulas was to be made, with elimination of the usual toasts, masters and speeches and substitution of vaudeville acts and radio entertainers.

## Lynn Mayor Takes Stray Dogs' Part

Lynn, Mass., Aug. 29.—The dogs of Lynn have found a mighty champion in the person of Mayor Ralph Bauer.

Upon his return from a visit to Canada recently, the mayor was informed of movements started by the state board of health for the suppression of dogs. The Lynn executive immediately took to arms. He declared that dogs in Lynn would have their age-old privilege of running at large despite any notion to the contrary entertained by the board of health.

"We did not have a particle of trouble down here last year from dogs running at large," the Mayor said, "and they didn't in any other city or town either."

"We've had one case of rabies here in 31 years. We have had 23 deaths from motor accidents in three years. Man is the only animal that kills its own kind, and a dog's record is so much better than man's that you can't talk about it."

Chicago—A new traffic census reveals that 10,000 street cars and 152,000 motor cars enter the "loop" district every 24 hours. It also showed that the "loop" has a floating population of 1,000,000 who enter or leave daily.

# One Purpose One Ideal— HIGH QUALITY <sup>AT</sup> LOW PRICE

Any merchandising organization, in order to attain success, must have a definite ideal—one that means a real service for the people whom it serves. Ever since our conception, it has been our ideal to give two things in the shoe line — QUALITY AT LOW COST!

We have always felt there is a demand for shoes at a low cost — and low cost does not necessarily mean poor quality. We will not sell poor quality merchandise — we aim to give you MORE than dollar for dollar value on every pair of shoes in our store. Our immense purchasing power, on account of our purchasing for more than a single unit, gives you the advantage of the price we save by buying in large quantity lots.

Every pair of shoes that leaves our store must give satisfaction — if they do not do all that we claim for them, we ask our customers to return them and receive either a new pair or their money back.

In following these maxims, our trade has grown so rapidly since we opened our Salem store, that we have been forced to seek larger quarters — hence, Saturday, we formally open our new store room on Main Street. We want you to come in and see us often and we assure you of a real welcome whether you come to buy or inspect.

Walker, Miss Doris Walker, Mrs. Byron Snyder, Mrs. Mary Myers and Miss Ellen Myers.

About 60 Columbiana people motored to Medina Sunday and held a picnic at the Pythian home, the affair being sponsored by the members of Sunset Temple, Pythian Sisters, who with their families and friends, made up the party.

Attorney H. W. Hammond was in

Columbus on business the first of the week.

Mr. and Mrs. D. A. Smith, Salem, were Tuesday guests of Mr. and Mrs. Leo Holloway and family.

Dan J. Miller was a Youngstown business caller Monday.

**Rotarians Hear Pastor**  
Rev. D. Porter Williams, pastor of the East Palestine Presbyterian church, was the speaker at the meeting of the Columbiana Rotary club Monday evening. His subject was "Sacrifice Hits."

Rev. C. E. Krumm, vice-president of the club, presided in the absence of President H. W. Hammond. Rotarian "Bill" Gutrecht of Youngstown was a visitor.

There will be no meeting of the Columbiana club next week, as Monday is a legal holiday. Several Rotarians visited Cleveland today, designated as Rotary Day at the air races. Following a luncheon at the Hotel Statler, Rotarians went in a body to the airport.

President Hammond has announced an assembly meeting for September 9th, following the regular meeting, all officers and committee chairmen taking part.

Mrs. H. H. Detweiler has gone to Sioux City, Iowa, for a stay of several weeks.

Mr. and Mrs. W. L. Hooper are spending several days visiting with relatives at Cambridge, Md., and other eastern points.

Miss Ellen Warrick is visiting for several days with relatives and friends at Clarkson.

Mrs. W. B. Read and Miss Elsie Deemer entertained Monday evening at a lovely bridge party at the home of the latter, honoring Mrs. Lynn Griswold of Wirt, Okla., who leaves Thursday for her home after

a visit with Mr. and Mrs. C. W. Griswold, North Elm st. Five tables of bridge were in play. Mrs. Lewis Martin receiving the prize for high score and Mrs. C. W. Griswold the consolation award. Mrs. Lynn Griswold was also given a gift.

About 15 members of the Kuma-gen club, with their husbands and friends, enjoyed a corn and sauerkraut roast Friday evening at Elser's Grove, near North Lima. The next club meeting will be at the home of Mrs. George Churan, Union st.

Members of the Rosemont club, with their husbands, held a corn roast and picnic supper Friday evening at Elser's Grove. Later the party played cards at the home of Mr. and Mrs. Olat Todd, North Main st.

Mr. and Mrs. Grant Bevington, left Saturday on a motor trip to Hagerstown, Md., where they spent the week-end with relatives.

Mr. and Mrs. W. R. Simpson and family were Sunday dinner guests of Mr. and Mrs. H. J. Hayes, and family, Youngstown.

Mr. and Mrs. John Parsons and daughter, Miss Helen, of Rootstown, called Monday at the home of Mr. and Mrs. R. H. Vaughn and family.

Miss Mildred Lodge has returned to Alliance, after spending the week-end with her parents, Mr. and Mrs. David Lodge, and family, Middle st.

Mr. Ella Schmidt, New Waterford, is spending some time with her daughter, Mrs. Wilmer Varian and family, South Main st.

Mr. and Mrs. Thomas Nuzum, in company with Mr. and Mrs. Andrew Ferguson, East Palestine, are on a motor trip to Niagara Falls and Toronto.

Mrs. Sarah Simpson and daughter, Miss Mary of Beaver Falls have

been visiting for several days with Mr. and Mrs. Walter Simpson and family.

C. C. Chandler and sons, Allen and Robert are on a two weeks motor trip and will visit with relatives in Nebraska.

Mr. and Mrs. W. S. Houck, Alliance, were week-end guests of F. S. Lennig and family, Union st.

## Demountable Movies For Railway Tours

Chicago, Aug. 29.—A miniature, "demountable" motion picture theater is the newest luxury provided for train travellers on vacation tours through the northwestern part of the United States and Canadian Rockies this summer.

Railway tours leaving Chicago weekly under the auspices of the American Express are equipped with recreation cars for bridge and dancing. When the tourists tire of these occupations, a small motion picture projector of the portable amateur type and a small screen are moved into position and the travellers are entertained with photoplays from a large library of pictures on the half width film used in amateur motion picture equipment.

Although President Coolidge sometimes was shown motion pictures aboard his private car while he was travelling, the new recreation cars are believed to be the first regular "intimate theaters" ever to be mounted on a railroad car.

## Child, 13 Months, Victim of Drugs

Waco, Aug. 29.—Wasted away because of the excessive use of drugs, a 13-months-old baby girl is under the care of physicians here who are aiding her in a battle to win free of the "dope habit" and regain normalcy.

The physicians say the fight is almost without hope and that the baby will never again be normal. But they are battling, nevertheless.

The "dope habit" was contracted by the baby when its parents repeatedly gave it paregoric so that it would sleep peacefully at night. The physicians and nurses say the doing was an almost nightly occurrence, and that the drug was administered in milk.

Physicians say that the constant "doping" has given the baby a "tolerance for opium" and that its body is generally toxic from the nightly administration. Neighbors reported its condition to the city authorities and it was removed to a hospital.

If it can live through a present period of violent illness, brought on by lack of the drug, the child may live and overcome the dope habit, they say. But will not be normal again.

A device has been invented automatically to stop a machine each time a set number of shaft revolutions have been made.

## Fat Girls! Here's A Tip For You!

All over the world, Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat."—Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expected from the system.

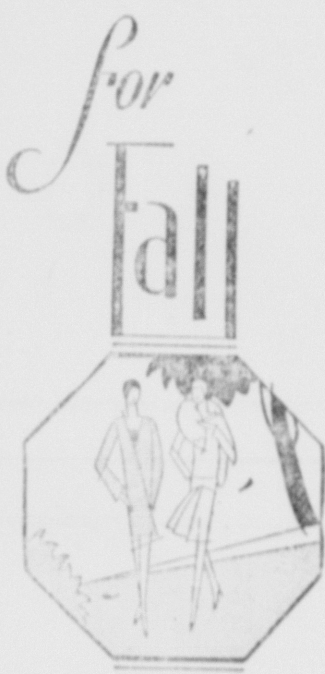

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 83c bottle of Kruschen Salts at The J. H. Lease Drug Co., Floding's Drug Store or Bolger & French's, or any drug store (lasts 2 months) with the distinct understanding that you must be satisfied with results or money back. Adv.

# Head Organization In Salem

DAN FACTOR

Pictured above is Dan Factor, owner of the Wooster Nobile shoe store, and manager of the Alliance store. Mr. Factor is also associated with the organization that runs Nobile shoe stores in many other Ohio towns. Mr. Factor is a keen shoe merchant, and his wise buying is largely responsible for the success and growth of the local store.

C. E. WYCOFF

Mr. Wycoff is the local manager of Nobile's shoe store. His many years' experience in the shoe business, and his pleasant manner is largely responsible for the unusual success of the Salem store. Mr. Wycoff has been associated with the Nobile organization since 1925. Prior to that he was affiliated with a large shoe concern in Canton.

## Many State Fairs Help Agriculture

Washington, Aug. 29. — Agriculture nearly 50 state fairs and 100 international fairs to participate in the 1929 educational exhibition of the United States department of agriculture have been received here and sent to an unusually heavy season.

By means of pictures, displays, models, sound, and motion pictures, the department exhibits the important results of investigation and work in many agricultural lines.

Exhibits such as livestock and poultry raising, dairying, forestry, marketing, roads, boys' and girls' club work and others.

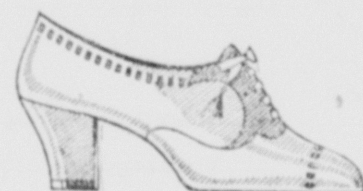

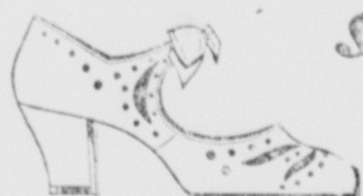

The exhibits are sent to state and interstate fairs by freight in railroad cars.

Approximately 20 carloads of exhibits will be required to cover the circuits in the 39 states, if all the 1929 applications are filed.

According to a University of Minnesota scientist a fly tastes with its feet and not with its proboscis as generally believed.

# MAY MANTON

The "Aristocrat" of Stylish Shoes for Women

## Congratulations

We take this opportunity to publicly congratulate Nobils on their recent expansion. It is through good service and good merchandise at a right price only that any store can progress. We hope this present expansion is but another step in the long ladder of success for Nobils—good luck!

You'll want to see the new lines of this famous shoe, you women. You will be taken with its distinctive lines and up-to-the-minute style.

The May Manton Shoe is one that will give most excellent service, and one that will keep its shape. Aside from style, there is good material. You will find this shoe in every wanted new style.

The price of the shoe is extremely low for the value and style represented, and there is a size for every foot from AAA to EEE.

We ask you to look at this shoe, our dealers in Salem, Nobils, will be glad to show it to you at any time, and YOU will agree with us in calling it the "Aristocrat of Shoes for Women."

## Clemenceau Home Will Be Memorial

Stamford, Conn., Aug. 29.—The house that once was the home of Georges Clemenceau, Tiger of France, is to be turned into a memorial to Clemenceau by Helen Woodruff Smith, who now owns the place which is known as "Linden Lodge." The property will be known "probably under the name of Chateau Clemenceau," says the owner.

"The Tiger" came here in 1903 and taught in the building while it was home of a girl's school. In time he married one of his pupils and went back to France. The house was erected in 1890 and at the time was one of the village mansions.

The owner says: "All that remains to make the project an assured fact is the consent of M. Clemenceau, which I am awaiting, also hoping that we may have the rare and distinguished pleasure of having M. Clemenceau here in person to dedicate the institution."

# New Ohio Coaching Staff Draws Attention Of Football Fans

## COLONIAL BILLIARDS ARRANGE THREE-GAME SERIES WITH MASON'S

### Sam Willaman Issues Grid Call To Squad; Meeting Set Sept. 16

Sam Willaman, head coach of the Salem High football team, has practically over with the exception of various details, the coaching staff for the coming season. The coaching staff is scheduled soon, and the wheel will be in motion in what fans will find to be a much shorter time than in the past, when football sets in for good, and the season is over. The coaching staff is scheduled soon, and the wheel will be in motion in what fans will find to be a much shorter time than in the past, when football sets in for good, and the season is over.

Willaman, the major part of the coaching staff, is in his camp in New Brunswick, Canada, pulling the strings from the quietude of his home. He is expected to return to Columbus, Ohio, in the near future, and will be in charge of the coaching staff for the coming season.

### Pre-Season Football

Ralston "Bus" Jones, former Salem High and Kenyon college football star, will coach the newly formed Alliance ex-Highs 1929 football team. It was announced in Alliance Wednesday.

Navy Plans Ahead  
New York—While most of the country's college football chieftains are highly concerned with 1929 problems, the chief worry at the United States Naval Academy is its 1930 schedule.

With the permanent installation of the instant system, as developed by Commander Jonas H. Ingram and his brother, Bill, coach at Annapolis, the navy school plans the most ambitious program in its entire history for 1930.

Butler Strong  
Indianapolis—Coach Potay Clark will confront the most ambitious football schedule ever arranged for Butler University here with a team at least twenty-five per cent. stronger than that of 1928, he declared here today.

N. Y. U. Starts Early  
New York—Coach Chick Meehan, unlikely mentor of New York University's football eleven, in recent years one of the outstanding eastern teams, will launch his 1929 campaign September 1.

Rockne Issues Call  
South Bend—Coach Knute Rockne, the pugilist wizard of Notre Dame University, will start mobilizing his grid warriors for the 1929 football season early in September.

When Rockne issues his call for football candidates on September 1st, there will be letters reporting to fill in positions in his varsity squad. In fact Rockne will need only another fullback to round out his 1929 aggregation.

### Damasus Wins 15 Straight In Softball Loop; Awarded Title

Business Men Undisputed Champions of Circuit; Kiwanis Club Ties For Third With Mullins Manufacturers; All-Star Team Chosen

Damasus, through the medium of its fifteen consecutive victories in the Salem Softball association, is the undisputed champion of the league, and will probably meet a Salem team, composed of an all-star lineup in a benefit series for improvement of the Centennial park field and tennis courts next week.

The Business Men, as they were entered in the circuit, encountered little difficulty in either half of the loop, finishing on top both times, with the Colonial Billiards in second place on both occasions.

The Mullins Manufacturing team, for a period considered a contender for the title tied with the Kiwanis Club for third place, when the Kiwanians played real high class baseball and trounced the manufacturers by a 2-1 score last week. Both teams won five and lost three games.

Four Tie For Fourth  
Four teams, the Post Office, Macabees, Merchants and Electric Furnace tied for fourth place, winning three and losing five games. The National Sanitary was in the bottom position with eight verdicts against it in as many games.

The Kiwanians furnished the only sensation of the second half, coming up from a ninth-place tie with the Sanitary to their third place position. The clubmen won their last five games in the loop, climaxing the sport with the 2-1 win over the Mullins.

Damasus and Mullins each place three men on The News all-star team, while the Billiards and Kiwanis is given two selections. The Post Office is given one position. The team follows:

All-Star Team  
J. Price (Damasus) 1st; Bradt (Billiards) 1st; Borton (Billiards) 2nd; Kelley (Kiwanis) 3rd; Campbell (Mullins) 1st; Fitzpatrick (Mullins) 2nd; Myers (Mullins) 3rd; Kridler (Post Office) 1st; Grice (Damasus) 2nd; Lutes (Kiwanis) and Calladine (Damasus) pitchers.

### Western Champion Out of Tournament

Mayfield Country Club, Cleveland, Aug. 29.—The reign of Mrs. Leona Pressler of Los Angeles, as golf champion of western women was ended today as a narrowed field of eight, a 16-year-old high school girl in the limelight among them, tied off this morning in the quarter-finals of the Women's Western Golf tournament here.

The title which Mrs. Pressler has held for two years was swept from her grasp in the second round yesterday by an old opponent and good match player, Mrs. Lee Mida of Chicago. The score was two and one.

With the former champion eliminated, interest among the gallery today was focused on two matches. The one between Mrs. Harley Higbie of Detroit and Mrs. O. S. Hill, the Kansas City star, and the match between Miss Lena Nelson, the 16-year-old high school girl, who created future yesterday by her sensational defeat of Miss Virginia Van Wie, the Chicago star, one up, and Miss Kathleen Wright of Los Angeles.

Shoot Scheduled  
A trap shoot will be held at 2.30 p. m. Friday at the Salem Country club, according to an announcement made today. Prizes will be given.

Fight Results  
At Copenhagen, Denmark — Al Brown, Panama, won ten round decision over Knud Larsen, Danish champion.

At Petoskey, Mich.—Sammy Mandell, world's lightweight champion, scored technical knockout over Frankie Frisco of California in third round (10).

At Cleveland — Johnny Datto, Cleveland, won ten round non-titular decision from Andre Roux, featherweight champion of the world.

At Fairview, J. — Dr. Ludwig Haymann, Germany, knocked out Ray Thompson, Seattle, in third round (10).

At Mineola, N. Y. — Bino Tempesti, Italy, won eight round decision from Buck Oliva, Brooklyn.

Howard Bush, Baltimore, won eight round decision from Joe Johnson, Brooklyn.

### BUCS WIN TWO FROM CUBS TO GAIN IN RACE

New York, N. Y., Aug. 29.—The Pittsburgh Pirates, snatched the Chicago Cubs for two in a row yesterday, and apparently are going to give the McCarthymen a real battle before they will concede the title. As a result the Chicago are leading but by 12½ games today.

The Bucs were forced to come from behind in both engagements. Trailing at 3 to 1 at the fifth inning of the opener they assailed Malone for five runs in the sixth and four more in the seventh to give Burleigh Grimes his 17th win of the season. The second game was pulled out of the fire by three runs in the seventh and two more in the eighth for a 7 to 6 victory. This despite Roger Hornsby's 13th homer of the year.

All other National clubs enjoyed a holiday from regularly scheduled games. The Giants, however, traveled to Bridgeport and whipped that eastern league club, 6 to 4.

Mack Trim Yanks  
The Athletics left New York for home with an even break in their two-game series with the Yankees, copping the final yesterday, 9 to 7. A five run rally in the seventh and the A's cause no harm. Babe Ruth smacked his 36th home run, Gehrig his 23th and Lary his fourth during the afternoon.

Late inning rallies being the order of the day. Washington scored three times in the eighth inning to whip Boston, 7 to 4 in the only other in the American.

Goose Goslin probably set some sort of record when his home run cleared the fence and dislocated a shoulder of a girl in a nearby yard.

A novel English automobile that carries two persons has three wheels of equal size in the rear and one in front.

### First Clash Between Loop Contenders To Be Played Saturday

Despite the fact that the city league championship is very much unsettled, and that five games still remain to be played before the season can be termed as over with the Colonial Billiards and Masonic teams are taking it for granted that they are the only contenders for the circuit title, and have started negotiations for a post-season "little world series."

The first game of this series will be played at 2.30 Saturday afternoon at Centennial park while others will probably follow on succeeding Saturdays. The five games remaining on the league schedule, due to this sudden development of foresight by these two aggregations, will probably be cancelled.

As yet, however, the game are still considered as regularly scheduled affairs, for the Billiards are but one-half game ahead of the Masons, and can still be nixed out of the league race. Whether the clash Saturday means anything as far as the league is concerned has not been decided.

Season Almost Over  
It is not as well that the Billiards and Masons have gone ahead, however, in arranging for the series, as baseball season is gradually being forced out of the picture by the entrance of football. Twilight contests are practically impossible this late in the season, for by the time four innings are played it is almost too dark to see, and games have seldom come past the regulation five innings.

Joe Reese, "grand old man" of Salem baseball, and George Early, who just recently ventured out into the streets from a forced lay off from the diamond due to an attack of appendicitis made the plans for the championship games, and have stirred up quite a bit of interest in the events throughout the city.

Both teams will use their regular lineups, and will hold a meeting at the park following or previous to the clash to decide when other games will be held.

The Pottery and Electric Furnace undoubtedly are out of the race for the championship, although each could make it had for one of the leaders should they set them back in one of the games still on the schedule. The official league standings follow:

LEAGUE STANDINGS  
Team W L T Pct  
Colonial Billiards 7 2 1 .778  
Masons 7 3 1 .700  
Salem China 3 4 1 .428  
Electric Furnace 0 8 1 .000
